

VinduroWA Committee Meeting

2 Feb 2020

Apologies: Sam Weatherhead

Meeting commenced 12.30pm

MWA Trail Riding Guidelines: Club to run under the MWA Trail Riding Guidelines which will mean a reduced cost per event for members. The main difference being in cost and there being no personal insurance for riders without MA licence. Non-competitive ride events, has little to no insurance for members even with MA licence only for major disability or death. Members are reminded they require too have ambulance cover. The president had approached MWA to have a variance in costs of \$15.00 (one event trail pass) for MA licence holders (still covered by MA insurance) they now would only have to pay \$5.00 for trail pass. The club has decided to absorb that within its event fees, this will mean a cheaper event for members.

Event costs:

Members without MA licence \$40.00 plus \$15.00 trail pass

Members with MA licence \$40.00

Purchasing:

3 Ballard back packs to be purchased

New BBQ to be purchased

New Fire Extinguishers to be purchased

New radios to be purchased

Safety vests with club logo and "Event Official" to be purchased

4 radios to be purchased

Calendar:

Club is looking to purchase a defibrillator, awaiting information from MWA regarding grants to assist in purchase.

Discussion over the members of the T&E club assistance for the people looking at attending the 3AVE in May and due to low numbers the offer of assistance will be declined.

changes to be made subject to confirmation:

21-22 Mar Frankland River
